

Wrapmaster

**sets the standard for hygienic, safe
and cost-effective film and foil dispensing**

HOW TO LOAD:

Black inserts are designed to hold the Wrapmaster film or foil refill roll securely:

- One side fits the foil, the other side fits the PVC
- Fit inserts on either end of roll and drop with “cut-away tabs” into plastic box

Place Lid on Wrapmaster
Pull back & open spring-top lid

Pull foil / film through the two plastic spring panels.
Foil / film Should NOT be resting on concealed blade.

Close Lid

Pull foil / film out to required length

Cut foil / film by pressing top with one hand (or elbow, or whatever is handy)

Concealed blade will cut evenly and quickly
